FLOOR DEBATE

January 15, 2004 LB 452

SENATOR SMITH: I believe that it is. In fact, it's even more common than what I propose, of: owning or operating a business, is gainfully employed, or residing in the state for 90 consecutive days.

SENATOR REDFIELD: Okay. Under that same area, you talk about being in the state for 90 days. How would this apply to a college student? Would they, in fact, if they came from out of state, be required to register their vehicle in the state of Nebraska, and then reregister in their legal residence state?

SENATOR SMITH: They would...as a student, they could not meet those three conditions.

SENATOR REDFIELD: They would...

SENATOR SMITH: I mean, they wouldn't necessarily have to meet one of those three conditions, because they wouldn't be considered a resident.

SENATOR REDFIELD: Would they have to meet all three, or just one of the above?

SENATOR SMITH: Just one.

SENATOR REDFIELD: Whichever comes first, I believe.

SENATOR SMITH: Just one.

SENATOR REDFIELD: Just one. So as a legal resident of another state, a college student could bring a vehicle in, and would not have to register it in Nebraska. Correct?

SENATOR SMITH: A full-time student could bring an out-of-state vehicle into Nebraska without needing to register the vehicle in Nebraska, yes.

SENATOR REDFIELD: Okay. Thank you. Senator Smith, if you would like to use the remainder of my time, you're welcome to it.
